Muriate of Potash Chicklets

<0.2% NaCl

Industrial Grade

GUARANTEED ANALYSIS

Potassium Chloride . . . . . > 99.0%

This product is not hazardous under OSHA Hazard Communication Standard (29 CFR 1910.1200).

General: Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand and obtain medical assistance or contact a poison control center immediately.

FIRST AID: IF ON SKIN: Wash with plenty of water. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a POISON CENTER or doctor if you feel unwell. If skin irritation occurs or eye irritation persists: get medical advice/attention. Take off contaminated clothing.

STORAGE: Store in a well-ventilated place. Keep container tightly closed. Store locked up. Dispose of contents/container according to local, regional, national, and international regulations.

SPILL OR LEAK: Do not allow into drains or water courses or dispose of where ground or surface waters may be affected. Prevent large quantities from contacting vegetation. Recover the product by vacuuming, shoveling or sweeping and place in an appropriate container. If uncontaminated, recover and use the product for its intended purpose. If contaminated with other materials, dispose at an appropriate facility according to current applicable laws, regulations and product characteristics at the time of disposal. Provide adequate ventilation. Avoid generation of dust during clean-up of spills. Practice good housekeeping – spillage can be slippery on smooth surface either wet or dry.
